

Dentfluence OS

Vocabulary & Glossary

Official terminology reference for the Dentfluence ecosystem — for developers, designers, QA, AI agents, dentists, front desk staff, sales, and trainers.

Total terms: 316 | Version 1.0 | Prepared for internal use

1. Product Terms

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Product	Patient	रुग्ण	A person registered as receiving care at the clinic	Every visitor becomes a Patient only via 'PatientService::register()'
Product	Lead	संभाव्य ग्राहक	A person who has shown interest but hasn't visited yet	A WhatsApp enquiry creates a Lead before a Patient record exists
Product	Consultation	सल्लामसलत	The clinical examination session where a dentist assesses a patient	Doctor opens a Consultation to record findings before a Treatment Plan
Product	Treatment Plan	उपचार योजना	A proposed set of dental procedures with cost and sequence	Dentist creates a Treatment Plan with 3 items after Consultation
Product	Visit	भेट	A single instance of the patient being physically present for treatment	Each RCT sitting is logged as a Treatment Visit
Product	Appointment	अपॉइंटमेंट	A scheduled time slot booked for a patient	Receptionist books an Appointment for tomorrow 4 PM
Product	Follow-up	पाठपुरावा	A planned future contact to check on the patient or nudge action	System schedules a Follow-up 3 days after extraction
Product	Recall	पुन्हा-आमंत्रण	A reminder sent to bring a patient back for routine care	6-month cleaning Recall sent via WhatsApp
Product	Opportunity	संधी	An unconverted revenue possibility (unaccepted plan, pending recall, etc.)	An unaccepted Treatment Plan appears as an Opportunity on the dashboard
Product	Communication Queue	संदेश रांग	The backend list of pending messages waiting to be sent	Recall reminders sit in the Communication Queue before WhatsApp delivery
Product	Today Actions	आजची कामे	The prioritized list of tasks the staff must act on today	Front desk sees 5 items in Today Actions each morning
Product	Task	कार्य	A discrete to-do item assigned to a staff member	"Call patient for lab report" is logged as a Task
Product	Timeline	कालरेषा	The chronological history of everything that happened with a patient	Patient profile Timeline shows visits, payments, and messages in order
Product	Guardian	पालक	The adult responsible for a minor or dependent patient	A child patient's record links to a Guardian's contact number
Product	Family Link	कुटुंब जोड	A connection between patient records belonging to the same family	Mother and two children are joined via Family Link for shared billing

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Product	Consent	संमती	Formal patient agreement to treatment, data use, or communication	Patient signs Consent before an implant procedure
Product	Medical History	वैद्यकीय इतिहास	Record of the patient's past and existing health conditions	Diabetes is flagged in Medical History before extraction
Product	Clinical Notes	क्लिनिकल नॉटी	Doctor's written observations during a consultation or visit	Dentist adds Clinical Notes about gum inflammation
Product	Lab Case	लॅब केस	A job sent to an external/internal dental lab for fabrication	A crown Lab Case is sent to the lab with a due date
Product	Billing	बिलिंग	The process of charging a patient for treatment rendered	Billing generates the amount due after each visit
Product	Payment	पेमेंट	Money received from a patient against an invoice	Patient pays ₹5,000 as Payment via UPI
Product	Invoice	पावती	A formal document listing charges owed by the patient	Invoice #1042 lists crown + consultation charges
Product	Prescription	प्रिस्क्रिप्शन	A doctor-issued list of medicines for the patient	Prescription includes antibiotic dosage after extraction
Product	Investigation	तपासणी	Diagnostic tests ordered to support diagnosis (X-ray, blood test)	Doctor orders an OPG X-ray as an Investigation
Product	Smile Design	स्माइल डिझाइन	A cosmetic treatment plan for improving the appearance of teeth	Patient opts for a Smile Design consultation before veneers
Product	Case Sheet	केस शीट	The complete clinical record document for a patient's case	Printed Case Sheet is handed over for referral
Product	Tooth Chart	दात तक्ता	A visual diagram used to mark condition/treatment per tooth	Doctor marks caries on Tooth #16 in the Tooth Chart
Product	Diagnosis	निदान	The dentist's clinical conclusion about a patient's condition	Diagnosis: Irreversible pulpitis on Tooth #26
Product	Chief Complaint	मुख्य तक्रार	The primary problem the patient reports on arrival	Chief Complaint: "Pain while chewing since 3 days"
Product	Treatment Item	उपचार घटक	A single procedure line inside a Treatment Plan	"RCT — Tooth #36" is one Treatment Item
Product	Plan Acceptance	योजना स्वीकृती	The patient's confirmed agreement to proceed with a plan	Plan Acceptance moves status from Proposed to Committed
Product	Plan Decision	योजना निर्णय	The recorded patient response to a presented plan (accept/reject/defer)	Patient's Plan Decision is logged as "Deferred"
Product	Presentation (Plan)	योजना सादरीकरण	The act of explaining the treatment plan and cost to the patient	Doctor completes Presentation before asking for acceptance
Product	Estimate	अंदाजित खर्च	The projected cost shared with the patient before treatment	Estimate given: ₹45,000 for full mouth rehabilitation
Product	Doctor-wise Report	डॉक्टरनिहाय अहवाल	A report segmented by treating doctor	Doctor-wise Report shows Dr. Mehta's monthly revenue
Product	Front Desk	फ्रंट डेस्क	The reception team managing patients, appointments, and billing	Front Desk checks in the 10 AM patient
Product	Huddle	हडल	A short daily team briefing summarizing clinic activity	Morning Huddle report lists yesterday's visits and pending recalls

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Product	Membership	सदस्यत्व	A subscription plan giving patients recurring benefits	Patient buys a Membership for discounted cleanings
Product	Wallet	वॉलेट	A stored patient credit balance usable against future bills	₹2,000 refund is added to the patient's Wallet
Product	Inventory	इन्व्हेंटरी	Stock of dental consumables and materials tracked by the clinic	Composite resin stock is tracked in Inventory
Product	Stock Status	साठा स्थिती	The current availability state of an inventory item	Stock Status shows "Low Stock" for gloves
Product	Purchase Order (PO)	खरेदी आदेश	A request sent to a vendor to supply materials	Clinic raises a PO for 10 boxes of anesthesia cartridges
Product	GRN (Goods Received Note)	माल प्राप्ती नोंद	Confirmation that ordered goods have physically arrived	GRN is created when the vendor delivers the PO items
Product	Vendor	विक्रेता	A supplier the clinic purchases materials or services from	Dental lab is registered as a Vendor
Product	Referral	संदर्भ	A patient sent by another patient or doctor	New patient came via Referral from an existing patient
Product	Review	पुनरावलोकन	Patient feedback rating, typically posted on Google	Clinic requests a Review after a successful implant
Product	Reminder	स्मरणपत्र	An automated nudge sent to a patient about an upcoming event	Appointment Reminder sent 1 day before the visit
Product	Patient Journey	रुग्ण प्रवास	The full lifecycle of a patient from Lead to loyal returning patient	Patient Journey spans Lead → Consultation → Treatment → Recall
Product	Case Acceptance	केस स्वीकृती	The rate/process of patients agreeing to proposed treatment	Case Acceptance Engine tracks why plans are accepted or declined
Product	Patient Microsite	रुग्ण मायक्रोसाइट	A personalized web page shown to a patient with their plan details	Patient views their Treatment Plan on their Patient Microsite
Product	Preferred Slot	पसंतीचा वेळ	A time slot the patient indicates they prefer, not yet confirmed	Patient selects a Preferred Slot on the microsite, staff confirms it
Product	Clinic (Tenant)	क्लिनिक (भाडेकरू)	A single dental practice using Dentfluence as its own isolated account	Tulip Dental operates as one Clinic/Tenant inside Dentfluence
Product	Branch	शाखा	A physical location belonging to a multi-location clinic	Clinic adds a second Branch in another locality
Product	Role	भूमिका	A defined set of permissions assigned to staff (e.g., Receptionist, Doctor)	"Receptionist" Role can book appointments but not edit billing
Product	Permission	परवानगी	A specific allowed action tied to a role or module	"View Billing" is a Permission granted to Accountant Role
Product	Module	विभाग	A functional area of the product (Patients, Billing, Inventory, etc.)	Access to the Inventory Module is toggled per role
Product	Dashboard (Clinic)	क्लिनिक डॅशबोर्ड	The main summary screen showing key clinic metrics	Owner checks today's revenue on the Dashboard
Product	KPI	मुख्य कामगिरी निर्देशांक	A measurable number used to track clinic performance	"Case Acceptance Rate" is tracked as a KPI
Product	Activity Log	कृती नोंद	A chronological record of actions taken in the system	Activity Log shows who edited a patient's phone number

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Product	Audit Trail	लेखापरीक्षण मार्ग	A tamper-evident record of who changed what, and when	Audit Trail proves the invoice was edited by the accountant
Product	Waitlist	प्रतीक्षा यादी	Patients waiting for an earlier appointment slot to open up	Patient is added to the Waitlist for a cancelled slot
Product	No-Show	अनुपस्थित रुग्ण	A patient who misses a booked appointment without cancelling	System flags repeated No-Show patients
Product	Check-in	नोंदणी	Marking a patient as physically arrived for their appointment	Front Desk performs Check-in when the patient walks in
Product	Case Sheet Print	केस शीट प्रिंट	The printed/PDF version of a patient's clinical record	Doctor requests a Case Sheet Print for insurance claim
Product	Discount	सवलत	A reduction applied to the billed amount	10% Discount applied on a family package
Product	Refund	परतावा	Money returned to the patient for overpayment or cancellation	Refund of ₹1,000 issued after a cancelled implant
Product	Treatment Category	उपचार प्रकार	A grouping of similar procedures (e.g., Endodontics, Cosmetic)	"RCT" falls under the Treatment Category "Endodontics"
Product	Price List	दरसूची	The clinic's master list of procedure prices	Crown price is set in the Price List at ₹8,000
Product	Doctor Availability	डॉक्टर उपलब्धता	The working hours/slots a doctor is open for appointments	Dr. Rao's Doctor Availability blocks Sunday afternoons
Product	Patient ID	रुग्ण क्रमांक	The unique identifier assigned to every registered patient	Patient ID #00452 is printed on the case sheet
Product	Age (Auto-calculated)	वय (स्वयं-गणना)	The patient's age computed from date of birth	Age auto-updates each year based on DOB
Product	Opportunity Board	संधी फलक	A visual board listing all open revenue opportunities	Action Board shows pending recalls as cards
Product	AI Assistant "Jarvis/Tulip"	एआय सहाय्यक	The in-product AI copilot that helps staff with tasks	Jarvis summarizes today's appointments for the doctor
Product	PRE (Patient Relationship Engine)	रुग्ण संबंध इंजिन	The backend engine driving recalls, follow-ups, and communication	PRE triggers a recall message 180 days post-visit
Product	PRM (Patient Relationship Management)	रुग्ण संबंध व्यवस्थापन	The overall discipline/module of managing ongoing patient relationships	PRM dashboard shows overdue recalls

2. Frontend / UI Terms

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Frontend	Dashboard	डॅशबोर्ड	A single screen summarizing key information at a glance	Clinic Dashboard shows today's appointments and revenue
Frontend	Sidebar	साइडबार	The vertical navigation menu on the side of the screen	Sidebar lists Patients, Billing, Inventory links
Frontend	Navbar	नेव्हबार	The horizontal bar at the top with navigation/search	Navbar has the global patient search box
Frontend	Card	कार्ड	A small boxed UI element showing a summary of one item	Each patient appears as a Card on the recall board
Frontend	Widget	विजेट	A self-contained UI block showing a specific piece of data	Revenue Widget on the dashboard shows today's total
Frontend	Modal	पॉप-अप विंडो	A temporary window displayed over the current page	Add Patient opens inside a Modal
Frontend	Drawer	स्लाइड पॅनेल	A panel that slides in from the side of the screen	Patient quick-view opens as a Drawer from the right
Frontend	Dialog	संवाद पेटी	A small popup requiring user confirmation or input	"Delete Patient?" Dialog asks for confirmation
Frontend	Toast	तात्पुरता संदेश	A brief auto-dismissing notification message	"Appointment saved" Toast appears bottom-right
Frontend	Alert	सूचना	A message highlighting important information or a warning	Red Alert shown when a patient has an overdue balance
Frontend	Badge	बॅज	A small label showing a count or status indicator	"3" Badge on the Today Actions icon
Frontend	Tooltip	माहिती फुगा	A small hint text shown on hovering an element	Tooltip explains what "Recall" means on hover
Frontend	Dropdown	ड्रॉपडाउन	A collapsible list of selectable options	Doctor Dropdown lists all active dentists
Frontend	Accordion	अकॉर्डियन	A stacked list of expandable/collapsible sections	Treatment Plan items shown as an Accordion
Frontend	Tabs	टॅब्स	Multiple views switchable within the same page	Patient Profile has Tabs for Timeline, Billing, Documents
Frontend	Table	तक्ता	Rows and columns used to display structured data	Invoice list is shown in a Table
Frontend	Pagination	पानांकन	Splitting a long list into navigable pages	Patient list uses Pagination showing 25 per page
Frontend	Search	शोध	A feature to find records by typing keywords	Search bar finds a patient by name or phone
Frontend	Filter	गाळणी	A control to narrow down a list by specific criteria	Filter appointments by "Today" and "Dr. Mehta"
Frontend	Sort	क्रमवारी	Arranging list items in a defined order	Sort invoices by "Amount: High to Low"
Frontend	Breadcrumb	ब्रेडक्रम्ब	A trail showing the current page's location in the hierarchy	Breadcrumb: Patients > John Doe > Treatment Plan

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Frontend	Skeleton Loader	सांगाडा लोडर	A placeholder shape shown while content is loading	Grey Skeleton Loader shown before patient data loads
Frontend	Empty State	रिकामी स्थिती	The screen shown when there is no data to display	"No appointments today" Empty State with an icon
Frontend	Loading State	लोडिंग स्थिती	The visual indication that data is being fetched	Spinner shown as Loading State on Save
Frontend	Error State	त्रुटी स्थिती	The screen/message shown when something fails	"Failed to save" Error State with retry button
Frontend	Floating Action Button (FAB)	तरंगता कृती बटण	A circular button fixed on screen for a primary action	"+" FAB opens Add Patient form
Frontend	Context Menu	संदर्भ मेनू	A menu that appears on right-click or long-press	Right-click on a row opens a Context Menu with "Edit/Delete"
Frontend	Timeline View	कालरेषा दृश्य	A vertical chronological display of events	Patient's history shown in Timeline View
Frontend	Kanban View	कानबान दृश्य	A column-based board for tracking items by status	Lab Cases tracked in Kanban View: Pending/In Lab/Ready
Frontend	Calendar View	दिनदर्शिका दृश्य	A grid display of dates used for scheduling	Appointments shown in Calendar View by day
Frontend	Responsive Layout	प्रतिसादात्मक मांडणी	A design that adapts to different screen sizes	Sidebar collapses to icons in Responsive Layout on tablet
Frontend	Dark Mode	डार्क मोड	A darker color theme option for the interface	Doctor enables Dark Mode for night shift use
Frontend	Form	फॉर्म	A set of input fields used to collect data	Add Patient Form collects name, phone, DOB
Frontend	Input Field	इनपुट फील्ड	A single box where the user types a value	Phone Number Input Field validates 10 digits
Frontend	Checkbox	चेकबॉक्स	A tickable box for yes/no selection	Consent Checkbox must be ticked before saving
Frontend	Radio Button	रेडिओ बटण	A round selector for choosing one option among many	Gender selected via Radio Button
Frontend	Toggle Switch	टॉगल स्विच	An on/off style switch control	"Active" Toggle Switch enables/disables a doctor
Frontend	Stepper	स्टेपर	A multi-step guided form/process indicator	Consultation form uses a Stepper: History → Exam → Plan
Frontend	Avatar	अवतार	A small circular image/initials representing a user or patient	Patient Avatar shows initials "JD"
Frontend	Icon	चिन्ह	A small graphic symbol representing an action or item	Bell Icon opens notifications
Frontend	Notification Bell	सूचना घंटा	The icon showing pending alerts/updates	Notification Bell shows unread messages count
Frontend	Progress Bar	प्रगती पट्टी	A visual indicator of completion percentage	Treatment Plan shows a Progress Bar at 60% complete
Frontend	Spinner	फिरणारे चिन्ह	A rotating icon indicating a background process	Spinner shown while an invoice PDF generates
Frontend	Snackbar	स्नॅकबार	A short-lived message bar similar to a toast, often with an action	Snackbar: "Patient deleted — Undo"

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Frontend	Chip	चिप	A small rounded tag representing a filter or attribute	"Diabetic" Chip shown next to patient name
Frontend	Sticky Header	स्थिर शीर्षलेख	A header that stays fixed while the page scrolls	Table's Sticky Header keeps column names visible
Frontend	Z-Index Layer	झेड-इंडेक्स स्तर	The stacking order controlling which element appears on top	Topbar uses z-index 120, above sidebar's 130 conflict resolved
Frontend	Responsive Breakpoint	प्रतिसादात्मक थांबाबिंदू	The screen width at which layout changes	Sidebar hides below the mobile Breakpoint
Frontend	Print View	प्रिंट दृश्य	A layout formatted specifically for printing	Case Sheet has a dedicated Print View
Frontend	Bulk Action	सामूहिक कृती	An action applied to multiple selected rows at once	Bulk Action sends recall messages to 50 selected patients
Frontend	Quick Add	जलद जोड	A shortcut to quickly create a record with minimal fields	Quick Add lets front desk register a patient in 3 fields
Frontend	Onboarding Screen	ओळख पडदा	A guided intro screen shown to first-time users	New staff sees an Onboarding Screen on first login
Frontend	Placeholder Text	जागा-राखीव मजकूर	Faint sample text shown inside an empty input	"Enter phone number" is Placeholder Text
Frontend	Validation Message	पडताळणी संदेश	Feedback shown when input doesn't meet required rules	"Phone number must be 10 digits" Validation Message
Frontend	Action Board	कृती फलक	A card-based board of pending tasks/opportunities	Action Board shows overdue recalls as cards
Frontend	Screen Guide	पडदा मार्गदर्शक	An interactive walkthrough overlay explaining a screen	Screen Guide highlights the "New Consultation" button

3. Backend / Technical Terms

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Backend	Database	डेटाबेस	Organized storage where all clinic data is kept	MySQL Database stores all patient records
Backend	Schema	योजनाबद्ध रचना	The structural blueprint of tables and fields in a database	`patients` table Schema defines name, phone, DOB columns
Backend	Migration	स्थलांतर	A version-controlled script that changes the database structure	A Migration adds a `work_outcome` column to visits
Backend	Seed	बीजारोपण	Sample or default data inserted into the database	Seeder creates default treatment categories
Backend	Model	मॉडेल	The code representation of a database table	`Patient` Model represents the patients table
Backend	Controller	नियंत्रक	Code that receives a request and decides what to do	`PatientController` handles patient creation requests
Backend	Route	मार्ग	The URL pattern mapped to a specific controller action	Route `/patients/{id}` shows one patient's profile
Backend	Middleware	मध्यस्थ सॉफ्टवेअर	Code that runs before a request reaches its controller	Auth Middleware blocks unauthenticated API calls
Backend	Service (Class)	सेवा वर्ग	A class holding reusable business logic	`PatientService::register()` is the only way to create a patient
Backend	Repository	डेटा संग्रह स्तर	Layer responsible for database read/write operations	PatientRepository fetches patient records
Backend	Factory	कारखाना	Code that generates fake/test records for testing	PatientFactory creates 100 dummy patients for testing
Backend	Policy	धोरण	A rule set defining who can perform which action on a resource	InvoicePolicy blocks front desk from deleting invoices
Backend	Validation	पडताळणी	Checking that submitted data meets required rules before saving	Validation rejects an appointment with no doctor selected
Backend	Authentication	प्रमाणीकरण	Confirming who a user is (login)	Staff Authentication via email and password
Backend	Authorization	अधिकृतता	Confirming what a logged-in user is allowed to do	Authorization blocks a receptionist from editing prescriptions
Backend	API	एपीआय	A set of rules letting different software systems talk to each other	Mobile app calls the Dentfluence API to fetch appointments
Backend	REST API	रेस्ट एपीआय	A common API style using standard web requests (GET, POST, etc.)	REST API endpoint `GET /api/patients` lists patients
Backend	Endpoint	एंडपॉईंट	A specific URL an API exposes for one function	`/api/appointments/today` is an Endpoint
Backend	Request	विनंती	Data sent from client to server asking for an action	Booking form sends a Request to create an appointment
Backend	Response	प्रतिसाद	Data sent back from server after processing a request	Server sends a Response confirming the appointment was booked

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Backend	Cache	कॅशे	Temporarily stored data for faster future access	Dashboard KPIs are Cached for 5 minutes
Backend	Queue	रांग	A list of background jobs waiting to be processed in order	WhatsApp messages wait in a Queue before sending
Backend	Job	कार्य (बॅकग्राउंड)	A unit of work processed in the background, not instantly	SendRecallReminder Job runs every night
Backend	Event	घटना	A signal fired when something happens in the system	'PatientRegistered' Event fires after a new patient signs up
Backend	Listener	श्रोता	Code that reacts when a specific event fires	Listener sends a welcome WhatsApp message on 'PatientRegistered'
Backend	Observer	निरीक्षक	Code that automatically watches a model for changes	TreatmentPlanObserver logs status changes
Backend	Transaction (DB)	व्यवहार (डेटाबेस)	A group of database operations that succeed or fail together	Payment + Invoice update run in one Transaction
Backend	Index (DB)	अनुक्रमणिका	A structure that speeds up database searches	Phone number column has an Index for fast lookup
Backend	Foreign Key	परकीय किल्ली	A link connecting one table's record to another table	'patient_id' Foreign Key links appointments to patients
Backend	UUID	युनिक ओळख क्रमांक	A globally unique identifier string	Each API token uses a UUID
Backend	ORM	ऑब्जेक्ट-रिलेशनल मॅप	A tool letting code interact with the database using objects instead of raw SQL	Eloquent ORM turns rows into Patient objects
Backend	Eloquent	एलोक्वंट	Laravel's built-in ORM for database interaction	'Patient::find(\$id)' uses Eloquent
Backend	SQL	एसक्यूएल	The language used to query and manage databases	A raw SQL query counts today's appointments
Backend	SQLite	एसक्यूलाइट	A lightweight file-based database, often used for testing	Tests run against a temporary SQLite database
Backend	MySQL	मायएसक्यूएल	The production database engine Dentfluence uses	Live clinic data is stored in MySQL
Backend	Docker	डॉकर	A tool that packages the app so it runs identically anywhere	Production server runs Dentfluence inside Docker
Backend	Cron	क्रॉन	A scheduled task that runs automatically at set times	A Cron job triggers nightly recall processing
Backend	Scheduler	वेळापत्रक व्यवस्थापक	Laravel's system for defining and running Cron tasks	Scheduler runs 'automation:parity' daily
Backend	Webhook	वेबहूक	An incoming notification sent automatically by another system	WhatsApp Webhook notifies Dentfluence of a new reply
Backend	Session	सत्र	The period during which a logged-in user stays authenticated	Staff Session expires after 2 hours of inactivity
Backend	Token	टोकन	A secret code used to verify identity or access	API Token authenticates the mobile app
Backend	JWT	जेडब्ल्यूटी	A type of secure token format carrying user identity	Mobile app stores a JWT after login
Backend	Encryption	एन्क्रिप्शन	Scrambling data so only authorized parties can read it	Patient phone numbers are stored with Encryption

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Backend	Logging	नोंदणी (लॉग)	Recording system events for debugging and monitoring	Logging captures every failed login attempt
Backend	Audit Trail	लेखापरीक्षण मार्ग	A permanent record proving who changed what and when	Audit Trail shows the invoice edit history
Backend	Backup	बॅकअप	A saved copy of data used for recovery in case of loss	Nightly Backup of the production database
Backend	Restore	पुनर्संचयन	Recovering data from a backup	Restore ran after accidental data deletion
Backend	Versioning	आवृत्ती नियंत्रण	Tracking changes to code or data over time	Git Versioning tracks every code change
Backend	Feature Flag	वैशिष्ट्य ध्वज	A toggle that turns a feature on/off without a new deployment	Phase 6 Insights ships behind a Feature Flag, currently OFF
Backend	Environment (.env)	वातावरण संच	Configuration values specific to a deployment (local, prod)	`.env` file holds the production database password
Backend	Deployment	तैनाती	The process of releasing new code to the live server	Deployment runs `bash deploy.sh` on the VPS
Backend	Rollback	मागे फिरणे	Reverting to a previous working version after a bad release	Rollback restores the previous Docker image
Backend	Guard (Invariant)	संरक्षक तपासणी	An automated check that blocks data from violating a core rule	`patients:invariant-check` Guard blocks duplicate patient creation
Backend	Tenant	भाडेकरू	An isolated clinic account within the multi-clinic system	Each clinic is a separate Tenant with its own `clinic_id`
Backend	Multi-tenancy	बहु-भाडेकरू पद्धत	Architecture allowing many clinics to safely share one system	Multi-tenancy ensures Clinic A can't see Clinic B's patients
Backend	Seeder	बीजदाता	A script populating the database with initial/default data	RoleSeeder creates default staff roles
Backend	Artisan Command	आर्टिझन आदेश	A terminal command used to run Laravel tasks	`php artisan migrate` is an Artisan Command
Backend	Route Crawler	मार्ग शोधक	An internal tool that automatically tests every page/route	`app:crawl-routes` checks all pages for errors
Backend	Smoke Test	धूर चाचणी	A quick test verifying core functionality still works	Smoke Suite runs 66 checks before deployment
Backend	Environment Variable	वातावरण चल	A named setting read by the app at runtime	`META_GRAPH_VERSION` is an Environment Variable
Backend	Rate Limiting	दर मर्यादा	Restricting how many requests a user/system can make in a time window	API Rate Limiting blocks excessive login attempts
Backend	Soft Delete	सौम्य हटवणे	Marking a record as deleted without permanently removing it	Deleted patients use Soft Delete, recoverable later
Backend	Pivot Table	पिव्होट तक्ता	A table linking two other tables in a many-to-many relationship	`role_module_permissions` is a Pivot Table
Backend	Enum	गणित सूची	A fixed set of allowed values for a field	Appointment `status` Enum: Booked, Completed, Cancelled
Backend	Observer Pattern	निरीक्षक नमुना	A design pattern where code auto-reacts to model changes	TreatmentPlanObserver follows the Observer Pattern

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Backend	API Gateway	एपीआय प्रवेशद्वार	A single entry point routing requests to backend services	API Gateway routes mobile requests to the correct service

4. AI Terms

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
AI	AI Agent	एआय एजंट	A software program that can take actions on its own to complete a goal	Jarvis AI Agent drafts a recall message automatically
AI	LLM	मोठे भाषा मॉडेल	A large AI model trained to understand and generate human language	Claude is the LLM powering Dentfluence's AI Assistant
AI	Prompt	सूचना	Instructions given to an AI model to get a specific response	Jarvis receives a Prompt to summarize today's appointments
AI	Context	संदर्भ	The background information given to an AI to inform its response	Patient history is passed as Context before AI drafts a summary
AI	Memory (AI)	स्मृती	Information an AI system retains across conversations	Jarvis's Memory recalls that Dr. Mehta prefers WhatsApp over SMS
AI	Embedding	एम्बेडिंग	A numeric representation of text used for AI similarity search	Patient notes are converted into Embeddings for smart search
AI	RAG (Retrieval-Augmented Generation)	पुनर्प्राप्ती-सहाय्यित निर्मिती	AI technique that looks up real data before answering	RAG lets Jarvis answer using actual clinic records, not guesses
AI	Vector Database	वेक्टर डेटाबेस	A database optimized for storing and searching embeddings	Clinical notes are indexed in a Vector Database for AI search
AI	Token (AI)	टोकन	A chunk of text (word/part-word) an AI model processes	The AI response uses roughly 500 Tokens
AI	Fine Tuning	सूक्ष्म प्रशिक्षण	Further training an AI model on specific data to specialize it	Fine Tuning could adapt a model to dental terminology
AI	Workflow (AI)	कार्यप्रवाह	A defined sequence of automated steps, sometimes AI-driven	Recall Workflow: detect overdue → draft message → send
AI	Agentic AI	एजंटिक एआय	AI capable of planning and executing multi-step tasks independently	Agentic AI could triage today's action board unattended
AI	MCP (Model Context Protocol)	मॉडेल कॉन्टेक्स्ट प्रोटोकॉल	A standard letting AI tools connect to external apps/data	Dentfluence's internal MCP layer is currently unexposed
AI	Tool Calling	साधन आवाहन	An AI model invoking an external function to complete a task	Jarvis uses Tool Calling to fetch a patient's balance
AI	Knowledge Base	ज्ञान संच	A structured collection of information an AI can reference	Clinic SOPs form a Knowledge Base for staff training
AI	Reasoning	तर्कशक्ती	The AI's process of thinking through steps to reach a conclusion	AI Reasoning links a missed recall to a lapsed patient risk
AI	Planning (AI)	नियोजन	The AI breaking a goal into ordered steps before acting	Planning step decides message order before sending recalls
AI	Automation	स्वयंचलन	A process running without manual human action each time	Recall Automation sends reminders without staff intervention

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
AI	Multi-Agent	बहु-एजेंट	A system where multiple AI agents collaborate on a task	A Multi-Agent setup could split billing review across agents
AI	Hallucination	भ्रम (चुकीचे उत्तर)	When an AI confidently states something false or made-up	AI Hallucination risk means AI answers must cite real records
AI	Confidence Score	विश्वासाहता गुण	A number showing how certain an AI is about its output	Diagnosis suggestion shows a Confidence Score of 82%
AI	Inference	अनुमान	The process of an AI producing an output from a given input	Inference happens each time Jarvis answers a query
AI	Model Weights	मॉडेल वजन	The learned internal parameters that define an AI model's behavior	Model Weights are not modified by Dentfluence directly
AI	System Prompt	प्रणाली सूचना	Fixed background instructions defining how an AI should behave	System Prompt tells Jarvis to always confirm before sending messages
AI	Guardrail	संरक्षक कुंपण	A rule preventing an AI from taking unsafe or unauthorized actions	Guardrail stops AI tools from bypassing `canAccess` permission checks
AI	Latency	विलंब	The time delay between a request and the AI's response	Low Latency keeps Jarvis responses feeling instant
AI	Streaming (Response)	प्रवाहित प्रतिसाद	Displaying AI output progressively as it's generated	AI Assistant uses Streaming so text appears word by word
AI	Sandbox (AI)	सुरक्षित चाचणी क्षेत्र	An isolated environment where AI actions can't affect real data	AI test actions run in a Sandbox before touching production
AI	Escalation (AI)	उन्नयन	Handing a task from AI to a human when it's uncertain or high-risk	AI Escalation routes a billing dispute to the accountant

5. Dental Terms

Category	English Term	Marathi Meaning	Simple English Meaning	Example in Dentfluence
Dental	Caries	दंतक्षय	Tooth decay caused by bacterial acid damaging enamel	Caries noted on Tooth #26 in the Tooth Chart
Dental	Restoration	पुनर्स्थापन	Repairing a damaged tooth, typically with a filling	Composite Restoration done on Tooth #14
Dental	Crown	मुकुट	A cap covering a damaged tooth to restore shape and strength	Zirconia Crown placed after RCT
Dental	Bridge	पूल (दंत)	A fixed replacement spanning a gap using adjacent teeth as support	3-unit Bridge replaces a missing molar
Dental	Veneer	वेनियर	A thin shell bonded to the front of a tooth for cosmetic improvement	Porcelain Veneers planned for 6 front teeth
Dental	Implant	दंत रोपण	An artificial tooth root surgically placed into the jawbone	Implant treatment plan created for Patient XYZ
